PaymentVision Interface

The screenshot displays the 'PaymentVision' interface within the 'CMWin' application. The main window shows a 'Debtor Payment - PMT' form with the following details:

- Date: 04/30/2012, Type: Partial Pmt
- Amount: 100.00, Hold Interest:
- Method: N Electronic Funds Transfer
- Include On Deposit Slip Report:
- Release: 05/03/2012
- Paid By: Franklin H. Adams (001)
- Note: (empty)
- Summary: Client Proceeds 75.00, Costs Recovered 0.00, Commission Fee 25.00

A dialog box titled 'PaymentVision Payment Option' is open, showing the 'Select PaymentVision ACH Option' screen. The options are:

- Post New ACH Payment to PaymentVision
- Record ACH Payment Already Posted at the PaymentVision Website
- Enter Non-PaymentVision ACH

The dialog box includes an 'OK' button with a green checkmark.

- Submit credit card information to PaymentVision for "tokenization". For compliance reasons, your firm will not retain any personal credit card information yet will still be able to submit future credit card payments. Only the last 4 digits will be saved in CollectMax™ for reference.
- Post one-time credit card and ACH payments in CollectMax™ for automatic submission to PaymentVision for processing
- Enter recurring or scheduled credit card or ACH payments in CollectMax™. Process all payments scheduled for the day to PaymentVision, and auto-post the payments into CollectMax™.
- Retrieve batch ID files from PaymentVision in CollectMax™ for payment reconciliation. Reporting will identify payments made outside of CollectMax™.
- The PaymentVision Interface requires an annual support contract as well as CollectMax™ Version 8. For more information, contact JST Sales.
- Contact JST for a demonstration video!
